GED 101: Getting Down Basics!

GED Annual Conference 2022

In this session, we will...

- Discuss the basic content of the GED exam
- Introduce you to Educator resources such as the Performance Level Descriptors and High Impact Indicators
- Share more resources for both you and your students
- Introduce you to GED Manager/Prep Connect
- Discuss how to get the most out of the GED Score Report
- Answer your questions!

An Overview of the GED® Test

Getting Started

The GED® Test

- Available in English and Spanish
- A wide array of accommodations are available:
 - Including extended time, additional breaks, reader/recorder, private room, screen reader (JAWS) and many more
 - Visit the [GEDTS Accommodations Information Page](#)

GED® Test

Test	Time	Notes
Reasoning through Language Arts	150 minutes	Includes 45 minutes for extended response (timed separately) and a 10-minute break
Mathematical Reasoning	115 minutes	Part 1 – calculator not allowed; Part 2 – calculator allowed
Social Studies	70 minutes	
Science	90 minutes	

Variety of Item Types

Multiple-choice
Fill-in-the-blank
Drag-and-drop
Hot-spot
Drop-down
Extended-response (Language Arts)

Overview of RLA Test

- Content - Integrated reading and writing
 - Close reading
 - Clear writing
 - Editing and understanding the use of standard written English in context
- Source texts – 75% nonfiction; 25% fiction
- Passage length – 400-900 words
- Range of text complexity, including texts at the college- and career-ready level
- Technology-enhanced items and extended response

Extended Response on RLA

A constructed response item includes:

- One or more source texts
- Texts offer two positions on a given topic
- A prompt that provides instruction on what the students is expected to do

Purpose of Extended Response

To provide test-takers with an opportunity to demonstrate

- Knowledge of writing conventions in English
- Understanding of what they've read
- How well they use evidence to build arguments
- Their ability to clearly communicate their thinking *in their own words*

Don't Forget the Little Stuff

Expose students to a structured approach to the writing task and help them understand that they need to:

- Write a complete response, not just a short paragraph (300-500 words)
- Provide commentary on the evidence cited (explain the “why”)
- Fully develop two or three ideas, rather than mention a lot of things without detail
- Leave five minutes at the end for proofreading—that is one of the things evaluated

Overview of Mathematical Reasoning Test

- Content
 - 45% - Quantitative Problem Solving
 - Number operations
 - Geometric thinking
 - 55% - Algebraic Problem Solving
- Texas Instruments - TI 30XS Multiview™ (calculator allowed on most items)
- Integration of mathematical practices
- Formula page, symbols, and calculator page provided

Overview of Social Studies Test

- Content

 - 20% - United States History
 - 15% - Economics
 - 15% - Geography and the World
- Themes
 - Development of Modern Liberties and Democracy
 - Dynamic Responses in Societal Systems
- Social Studies Practices – analyzing, thinking, reasoning
- Technology-enhanced question items

Overview of Science Test

- Content
 - Life Science – 40%
 - Physical Science – 40%
 - Earth and Space Science – 20% Themes
- Themes
 - Human Health and Living Systems
 - Energy and Related Systems
- Science Practices – reasoning and thinking scientifically
- Question types - Technology-enhanced items

GED Score Levels Explained

GED College Ready scores improve the chances for college success.

145

GED Passing Score

To pass the GED test, students need a score of 145 on all four subjects.

165 – 174

GED College Ready

At 165 or higher, students may qualify to bypass placement testing and remedial (non-credit) courses in college.

175 – 200

GED College Ready + Credit

At 175 or higher, students may qualify for up to 10 college credit hours at participating colleges.

High-Impact Indicators Relationships

- Demonstrate interconnectedness across content areas
- Develop skills available for use across a range of learning contexts

Relationships Between the High Impact Indicators and Other Indicators

The High Impact Indicators are a list of key skills assessed on the GED® test that, if emphasized in instruction, can help instructors make a significant impact on student skills and performance. This document shows the relationship between the High Impact Indicators and other indicators assessed on the GED® test. Adult educators can use this resource to create instructional plans that address the maximum number of skills in the limited time they have available with students. Providing instruction in a single High Impact Indicator area can help students broaden and deepen their skills, enabling them to apply those skills in multiple ways and in a variety of contexts across all of the content areas covered by the GED® test.

Note: High Impact Indicators appear in **BOLD** type.

The ability to read is a vital skill in today's society. Reading is how we discover and learn new things. People who know how to read can educate themselves in any area of life they see fit. We live in an age rich with information; reading is the way to access that information. When asked about students' challenges in preparing for the GED® test, adult educators frequently lament the poor, inefficient, and ineffective reading skills of their students. This lack of strong and effective reading skills often leads to students' difficulty in passing portions of the GED® test. This webinar will focus on strategies that can be used to build students' reading skills. Join us as we review some of the reading challenges student face and learn about strategies, activities and resources that can be used in the classroom.
