About Online GED Testing

Take your GED test from the comfort of your home, while securely monitored by an online proctor.

Overview

Taking an OP GED Test: How it Works

- Students register and schedule their OP test via their ged.com account just like in-person testing.
- Requires a laptop or desktop computer (PC or Mac) with a camera, microphone, and stable internet connection.
- Must be in an enclosed room with a door than can be shut, quiet environment, no other individuals in the room.
- Students must complete a system check at the time of their appointment, or prior to their appointment, to ensure their system will support delivery of an OP exam.

Online Proctored GED Test: Key Information

- Students must earn a score of 145 or higher on the GED Ready test within the past 60 days in any subject area they wish to take via OP. Only required before the 1st OP attempt in each subject area.
- Available in English and Spanish
- Test accommodations available to students with a diagnosed disability who want to test via OP.

Online Proctored Testing Benefits

- Appointments are available 24/7, and can often be scheduled within 1 hr
- Test-takers can cancel or reschedule their appointment all the way up to their scheduled appointment time
- Test from the comfort of home or other location that meets the OP testing criteria

What Students Have Told Us

In a survey students told us the top benefits of OP testing include:

- Convenience/availability of test appointment times
- No need to travel to test center
- Reduced anxiety/stress in testing from home

In addition:

- ~3 in 4 test takers would choose OP vs. in-person moving forward
- 84% would recommend the OP test to a friend
- 9 in 10 respondents had the necessary computer and internet to test from their home

Who May Benefit from OP Testing?

- Students who work and need to test at unconventional hours.
- Students who have young children and/or no childcare.
- Students who are trying to earn their GED quickly.
- Students who have test anxiety or generalized anxiety.
- Students who are differently abled and can test more easily from their home.

Test Center vs OP & OP Test Tips

Pandemic Impact

Pandemic Impact:

- Across the U.S. there are cities and towns in which the local test center closed during the pandemic and has not reopened
- Most test centers have reopened, but some are open fewer days/hours than pre-pandemic.

GED Test Delivery Method

Across the U.S. in the past 6 months:

- 85% of testing at a test center
- 15% of testing done via OP

Thousands of individuals have passed the GED test via the OP testing method. It's been an invaluable option to many.

Learn more at [GED.com](https://www.ged.com)

In-Person vs OP

In-Person Testing:

- 3 attempts per subject area before 60 day wait period
- Standard GED price is \$30 per subject, but varies widely by state
- No GED Ready requirement before 1st GED test in most states
- Handheld calculator allowed, erasable noteboard provided
- 2 discounted retakes per subject area

Online Proctored Testing:

- 2 attempts per subject area before a 60 day wait period
- Standard GED price is \$36 per subject, but varies widely by state
- GED Ready score of 145+ within 60 days is needed prior to first attempt
- Handheld calculator, erasable noteboard or pen/paper not allowed
- No discounted retakes

Test Center vs Online Proctored ID Requirements

Test Center

Acceptable Forms of ID:

- Non-expired government ID, e.g. driver's license, learner's permit, passport, military ID or other state/local ID.
- School IDs cannot be used

Online Proctored

Acceptable Forms of ID:

- Government issued ID – expired IDs are allowed for the time being.
- Military IDs cannot be used
- Learner's Permits cannot be used
- 16 & 17 year olds can use a student/school ID
- Parent/guardian must appear on camera & present government ID when a 16 or 17 year old is testing

Calculator, Scratch Pad & Virtual Whiteboard

- Only the on-screen calculator may be used with OP tests
 - Handheld calculators are not allowed for security reasons
 - The on-screen calculator is the same as in-person test and the GED Ready.
 - Calculator tutorial and practice available online to students & educators

- Virtual whiteboard & scratchpad available on OP tests
 - Students cannot use physical scratch paper or dry erase boards for security reasons
 - Students can practice with the virtual whiteboard and scratchpad online prior to testing

The 5 Things Every Educator Needs to Know to Help Students Take an O.P. Test

1. They can find all the info they need about this option at GED.com under “About the Test” or in their GED.com account
2. Before test day students should practice with the Whiteboard tool to get comfortable before they test
3. Complete the online system check before scheduling – to make sure their equipment works properly
4. Encourage student to check-in 30 minutes before their OP test appointment
5. The content on the O.P. test is the same content they’d see when testing in person

Test Vouchers Available on GED Marketplace

shop.gedmarketplace.com

- OP Test Voucher

- OP Test Bundle

**Note that in-person test vouchers are different*

Common Questions & Issues

Common Issues to Avoid

- Poor internet connection: *hotspots are not supported*
- **Must have webcam:** *No using cell phone cameras as substitute*
- Unauthorized materials – extra screens, paper, notebooks
- Another person in the room
- Tester left view of webcam

Common Questions

Q. Can the OP test work in a correctional setting?

Q. Can our students take the OP test at our adult education center?

Q. Why can't I use a physical calculator or scratch paper?

Q. Can I take the OP test on a Chromebook?

Q. Are accommodations available on the OP test?

Common Questions

Q. What if my internet connection is lost for a few seconds while I'm taking the OP test. Can I resume once a connection is re-established?

Q. Can I resize the text onscreen?

Q. I have to look at the keyboard to type, is that allowed?

Q. Can I wear my Apple watch during my OP test?

Q. Is the OP test available in Spanish?

Scheduling the OP Test

Student Home Page

You can create a student account to see for yourself. On the GED Manager home page in the Helpful Links section, click "[Explore the student experience by creating an account on our new "demo" site.](#)"

If you don't have GED Manager access you can create a real student account. Use a different email address than the one you use as an educator and enter "Candidate" for your fictitious student's last name.

Student Scores Green on GED Ready Test

Student Clicks Schedule Test & Sees Testing Options

Schedule GED® Test : Do you want to take your test online or in-person at a test center?

Online

Take your GED tests online from the comfort of your home, while securely monitored by an online proctor. You will need a computer, webcam, internet access, and a private room. Run a [system test](#) to see if your computer meets requirements.

[Schedule Online Test](#)

[Learn more about online testing ›](#)

In-Person at a Test Center

Take your GED test at a test center near you. Take any of the four tests you want.

[Schedule at a Test Center](#)

Schedule Online Test to Select Test Subject

Chat

Schedule GED® Test : Choose subject for online test

You are only eligible to take online tests in subjects that you've taken a GED Ready for, scored Green within the last 60 days, and once per subject. If you would like to schedule your test in another subject you can schedule an in-person test and take it at a test center.

Online Exam Policies

Agree to online exam policies

GED_OV: GED® Test

To take this exam in an online environment, please agree to the following terms and conditions.

☐ By accessing this website and ticking the boxes hereunder you understand and agree to the terms set forth in this Candidate Agreement ("Agreement"). This Agreement is entered into by and between you as a test taker, Pearson VUE, a business of NCS Pearson, Inc., and your testing program owner ("Test Sponsor"). This Agreement represents your understanding and acceptance of Pearson VUE's [Privacy and Cookies Policy](#) ("Privacy Policy"), [Terms and Conditions](#), and use of cookies to support your testing experience. You also understand, acknowledge and agree that the testing program sponsor has its own, possibly different, privacy policy.

☐ By providing your personal information, as described in our [Privacy and Cookies Policy](#), you acknowledge and agree to the video and audio recording of your entire testing session and you agree to the processing of such personal information and test data by Pearson VUE and to the transfer of such data to Pearson VUE's hub server, located in the USA, as the data processor, its authorized third parties, if any, both in the capacity as data processors for the processing of your personal information and test data on behalf of the testing program sponsor, as the data controller, located in the USA or elsewhere. Pearson VUE and other data processing entities, if any, are the recipients of your personal information and test data and are or may be located outside of the United Kingdom, the European Union, and the European Economic Area; however, Pearson VUE will enter into reasonable data transfer agreements with such entities for the purpose of communicating and following the instructions of your testing program sponsor and for establishing reasonable security measures to protect the confidentiality and integrity of your personal information and test data.

☐ If you choose to take the test through our online-proctoring platform, which is not mandatory in the event that there are other ways of taking the test as determined by the testing program sponsor, you and your computer will be monitored during your entire testing session in real time so that your face, voice, desk, and workspace will be captured and possibly recorded for the purposes of test quality, test security, and the integrity of the testing process. You understand, acknowledge and agree that you will be monitored at your location through audio, technology and video means so all activity at your location will be detectable by test proctors. By accessing this website and ticking this box you signify your acknowledgement and agreement that any inappropriate or wrongful conduct, as determined in Pearson VUE's or the test proctor's sole discretion, witnessed while monitoring your testing session will be reported by Pearson VUE to the testing program sponsor and may also be reported to the appropriate governmental authorities, including, but not limited to, any law enforcement officials.

Helpful hints:

- To avoid any issues on exam day, we recommend checking in to your exam 30 minutes before the scheduled start time. This allows optimal preparedness but does not guarantee an early admittance or start time.
- Some exams support delivery nearly 24 hours a day. Note whether you have chosen an early morning (01:00 or 01:00 AM) or midday (13:00 or 01:00 PM) appointment.

We need to verify that the computer and internet connection you plan to use on exam day meet the [minimum requirements](#) for online testing. It'll just take 5 minutes to run:

Equipment checks

Exam simulation

Preparing Your Students

To-Do List Test SUCCESS

- Watch the OP videos
- View the computer tutorial (repeat as needed)
- Learn the basic tools of the test (highlighter, font/color change, text size, etc.)
- View the calculator tutorial (repeat as needed)
- Learn the calculator keys for required operations
- Know where to find and how to use test resources (calculator, symbol tool, formula page, calculator reference)
- Learn to use the onscreen whiteboard (best for math equations)
- Learn to use the onscreen scratchpad (best for RLA notes)
- Repeat all of above as needed

Common Issues to Avoid

- Poor internet connection: *hotspots are not supported*
- **Must have webcam:** *Using cell phone cameras as substitute not supported*
- Unauthorized materials
- Another person in the room
- Tester left view of webcam

Know the OP Rules

Online GED Exam Rules

- Cheating is strictly prohibited
- You consent to being videotaped and recorded
- You must be in a private, walled room with a closed door
- No one else is permitted in the room once your exam has started, for any reason
- You may not leave your work area for any reason
- You cannot use a calculator or scratch paper, take physical notes or talk
- Personal items, mobile phones, headphones and watches must be out of reach
- Food, smoking and gum are prohibited
- You cannot move your webcam once your testing session has started
- Mumbling, speaking out loud or covering your mouth will lead to a warning
- Headphones and headsets (wired or Bluetooth) are not allowed unless explicitly approved

Breaking any of these rules will result in your exam being revoked, loss of payment, and you will be banned from testing in the future.

Calculator

Instructions

Basic Operations of the Calculator

Locate the **basic keys** on the image and review their **functions** in the numbered list.

- 1  turns on the calculator.
- 2  turns on the 2nd indicator and accesses the function shown above the next key you press.
- 3   turns off the calculator and clears the display.
- 4  completes the operation or executes the command.
- 5   recalls the most recently calculated result and displays it as Ans.
- 6  toggles the answer between fraction and decimal, exact square root and decimal, and exact pi and decimals formats.
- 7  allows you to move the cursor on the screen and in operations as necessary.

Practice with the Calculator keys on the next page.

Copy Access Code

2. Download OnVUE

Click '**Download**'.

Download

3. Run OnVUE

Run the OnVUE application from your Downloads folder.

Using a Cell Phone or Incompatible Computer to Test System

The image shows a screenshot of the OnVUE software interface. On the left, there is a blue-tinted image of a man with glasses and a beard, wearing a light blue button-down shirt, looking at a computer screen. The interface has a white background with a grey header bar. The header bar contains the 'OnVUE' logo on the left and a language dropdown menu set to 'English (US)' on the right. The main content area displays an error message in black text. Below the error message, there is a list of supported operating systems. At the bottom of the main content area, there is a note about mobile devices. The footer of the interface contains a copyright notice.

OnVUE

English (US)

This Operating System (OS) does not meet the minimum requirements for launching OnVUE.

OnVUE only supports:

- Windows 10 (64-bit) (excluding 'S Mode')
- Windows 8.1 (64-bit) (all editions except 'RT')
- MacOS 10.13 and above (excluding beta versions)

Mobile devices are not supported.

Please return to the prior step and try again using an Operating System (OS) that meets the minimum requirements to continue.

System check - Network checks

Network connections 

Checking your network to ensure it meets the requirements to take an exam: 25%

This check may take some time depending on your connection speeds. Checking (current check).

Network Check - Failure

If any fail, student sees a red X
Click for details on failure
Troubleshoot and Rerun checks

Failed Internet Speed - Details

Internet speed results and requirements:

Your download speed is 0.45 Mbps.

Internet speed troubleshooting tips:

- Run an independent speed test (speedtest.net) to ensure that you are able to sustain a download speed of 1 Mbps and an upload speed of 1 Mbps.
- Avoid network configurations that involve proxy servers, advanced firewall security configurations (such as corporate firewalls and VPNs), and other network security measures such as but not limited to packet filtering or packet inspection.
- Tethering to a mobile hotspot is explicitly prohibited.
- If problems still persist, consult with your organization's IT administrator and/or hardware manufacturer.

Failed Ping Test Check - Details

The screenshot shows a web application window titled "OnVUE" with an "Access code: XXX-XXX-XXX" in the top right corner. A modal window titled "Results and troubleshooting tips" is open, featuring a "Close" button with an "X" icon. The modal contains two sections: a green-bordered box for "Internet speed results and requirements" and a red-bordered box for "We pinged the following URLs but failed when trying to reach the following:". The red box also includes a section for "URL pings troubleshooting tips".

OnVUE

Access code: XXX-XXX-XXX

Results and troubleshooting tips Close X

Internet speed results and requirements:

- Your download speed meets the minimum requirements.

We pinged the following URLs but failed when trying to reach the following:

- <https://www.programworkshop.com/status>
- <http://rest.ably.io/time>

URL pings troubleshooting tips:

- Please ensure you are able to connect to these URLs. Alert your network administrator for assistance if you are using a corporate network.

Failed Video Check - Details

The screenshot shows a web application window titled "OnVUE" with an "Access code: XXX-XXX-XXX" in the top right. A modal window titled "Results and troubleshooting tips" is open, displaying the results of a video check. The modal has a "Close" button in the top right corner. The results are organized into three sections, each with a green vertical bar on the left. The first two sections, "Internet speed results and requirements" and "URLs ping results", both show successful outcomes. The third section, "We were unable to make a video streaming connection", is highlighted with a red vertical bar and contains two bullet points explaining the failure and providing troubleshooting steps.

OnVUE Access code: XXX-XXX-XXX

Results and troubleshooting tips Close ✕

Internet speed results and requirements:

- Your download speed meets the minimum requirements.

URLs ping results:

- We were able to ping and reach all URLs needed for delivery.

We were unable to make a video streaming connection.

- The streaming connection requires that Wowza.com can be reached as well as a stable connection of at least 1mb upload and download speeds.

Video streaming connection troubleshooting:

- Please make sure any network filtering software is disabled.
- For network administrators, WebRTC WebSocket connections must be allowed to *.*.cloud.wowza.com on TCP port 1935.

Start the audio sample.

Start speaker check

Webcam

Start webcam check

Microphone Failure

Failures can be due to hardware or permissions

Hardware issue—the following messages are displayed on both Macs and PCs if a candidate's microphone is absent or not functioning:

Microphone results and requirements:

- We were unable to detect sound from your microphone.

How to troubleshoot your microphone access issue:

- Ensure that a microphone is connected and is an active device.
 - Your microphone must be enabled in your device settings.
 - Your microphone will fail if it is muted.
- Speak out loud during the microphone check to confirm your device is active and enabled.
 - Your microphone must hear audible sounds in the room.
- Try selecting a different microphone option.
- Consult with your organization's IT administrator if your microphone continues to fail.

Permissions issue on Macs—messages for Macs when permission is not granted:

Microphone results and requirements:

- We require access to your microphone. Please adjust your settings to allow access.

How to troubleshoot your microphone access issue:

1. On your Mac, choose "Apple menu" > "System Preferences" > "Security & Privacy" > "Privacy".
2. Select "Microphone".
3. Select the checkbox next to the OnVUE application to allow it to access the microphone.
4. Once you've allowed webcam access to the OnVUE application, start the equipment check again.

Permissions issue on PCs—messages for PCs when permission is not granted:

Microphone results and requirements:

- We require access to your microphone. Please adjust your settings to allow access.

How to troubleshoot your microphone access issue:

1. Select "Start" > "Settings" > "Privacy" > "Microphone". In "Allow access to the microphone on this device", select "Change" and make sure Microphone access for this device is turned on.
2. Then, allow the OnVUE application access to your microphone. In "Microphone settings," go to "Allow apps to access your microphone" and make sure it's turned on.
3. Once you've allowed webcam access to the OnVUE application, start the equipment check again.

Speaker Failure

For Mac users—OnVUE displays these messages:

Speaker test results and requirements:

- You have indicated that you could not hear the sound playing. You must be able to hear audio to continue the check-in process.

How to troubleshoot speaker issues:

- Make sure your speakers are powered on and not muted.
- Check your sound settings:
 1. From the Apple menu, choose System Preferences.
 2. Click Sound.
 3. Click the Output tab; then select the built-in speakers.
 4. If the Output volume slider is set low, move the slider to the right and test again.
 5. If the Mute checkbox is selected, deselect it and test again.
- If problems still persist, consult with your organization's IT administrator and/or hardware manufacturer.

For PC users—OnVUE displays these messages:

Speaker test results and requirements:

- You have indicated that you could not hear the sound playing. You must be able to hear audio to continue the check-in process.

How to troubleshoot speaker issues:

- Make sure your speakers are powered on and not muted.
- If multiple audio output devices are available, check that you have the appropriate one selected.
 1. Select the Speakers icon on the taskbar.
 2. Select the arrow to open a list of audio devices connected to your computer.
 3. Check that your audio is playing to the audio device you prefer, such as internal or external speakers.
- If problems still persist, consult with your organization's IT administrator and/or hardware manufacturer.

Webcam Failure

Failures can be due to hardware or permissions

Webcam results and requirements:

- We were unable to make a webcam connection.

How to troubleshoot webcam issues:

- Ensure that a webcam is connected to your device and has been powered on.
- Confirm that your device has detected your webcam.
- Ensure that your webcam is enabled in your device settings.
- If your device has multiple webcams connected, try selecting a different one from the list.
- If problems still persist, consult with your organization's IT administrator and/or hardware manufacturer.

If OnVUE lacks permission to use the webcam, troubleshooting messages are tailored according to whether candidates are using a Mac or a PC.

For Mac users—these messages are displayed on a Mac if permission is not granted:

Webcam results and requirements:

- We require access to your webcam. Please adjust your settings to allow access.

How to troubleshoot webcam issue:

1. On your Mac, choose "Apple menu" > "System Preferences" > "Security & Privacy" > "Privacy".
2. Select "Camera".
3. Select the checkbox next to the OnVUE application and allow it to access your camera.
4. Once you've allowed camera access to the OnVUE application, start the equipment check again.

For PC users—these messages are displayed on a PC if permission is not granted:

Webcam results and requirements:

- We require access to your webcam. Please adjust your settings to allow access.

How to troubleshoot webcam issues:

1. Select "Start" > "Settings" > "Privacy" > "Camera". In "Allow access to the camera on this device", select "Change" and make sure camera access for this device is turned on.
2. Then, allow the OnVUE application access to your camera. In "Camera settings," go to "Allow apps to access your camera" and make sure it's turned on.

Network Checks

The image shows a software interface for a network check. At the top, a progress bar is partially filled with blue. Below it, a laptop icon displays three interlocking gears (blue, green, and orange). To the right of the icon, the text "Diagnostics - Network check" is displayed. The main content area is a light green rectangle containing a white box. Inside the white box, the text "Network connections" is followed by a green checkmark icon. Below this, a thick dark blue horizontal bar is shown. Underneath the bar, the text "Your network meets the requirements to take an exam." is displayed. At the bottom left, there is a "Previous" button, and at the bottom right, there is a "Next" button.

Mobile Check-In Complete

Close All Applications - Details

An unapproved application is running, so we couldn't launch your exam.

Make sure all applications are shut down by following the instructions below:

1. The dock must not show dots under any application icons except Finder (🔍) and OnVUE (V).

Note: Your exam will not launch if any applications (except for OnVUE and Finder) remain open.

2. Quit other applications via the application menu.

If webcam feed is black, you may be at risk for having your exam revoked.

Student Must Agree to Exam Rules

- No one is permitted in your work area for any reason
- You may not leave your work area for any reason
- You cannot use scratch paper, take physical notes or talk
- Place mobiles, headphones and watches out of reach
- Food, drinks, smoking and gum are prohibited

I agree that breaking these rules will result in my exam being revoked

The screenshot shows a digital interface for the GED exam. At the top, there is a blue header bar. Below it, a laptop icon displays a document with a yellow highlight, and the text "Exam rules reminder" is to its right. The main content area is a light blue box containing a circular icon with a crossed-out smartphone. To the right of this icon is a bulleted list of rules. Below the list is a checkbox with the text "I agree that breaking these rules will result in my exam being revoked". At the bottom left of the interface is a "Previous" button.

Exam rules reminder

- No one is permitted in your work area for any reason
- You must not leave your workspace for any reason
- You must not speak or cover your mouth
- You must not record or photograph any part of your test
- Mobile devices must remain out of arm's reach unless we contact you

☐ I agree that breaking these rules will result in my exam being revoked

Now Waiting for a Proctor

OnVUE

Access code: 764-156-912

 You are almost done with the check-in process

It's almost test time!

Remember: Don't leave the webcam view and don't let anyone enter the space during testing.

Queue position: **You're up next!**

We'll just need to verify your details. We will contact you through chat, your computer speakers or mobile (from a 617 area code) if necessary.

If you don't see your face displayed, you may be at risk of having your exam revoked.

Queue Position tells student their position in line - refreshes every 60 seconds.

Internet Trouble During Exam

You have lost your internet connection. OnVUE is disabled until your connection is restored.

Your internet connection appears to be unstable...

If you think your internet is now stable and you're ready to resume your exam, click "Relaunch".

Relaunch

Proctor Communications

- Student can text Proctor through Live Chat at any time if they are having trouble
- Proctor may text student through Live Chat to warn them of rule breaking
- Student will always get a warning before their test is ended due to breaking a rule
- If Live Chat isn't working, Proctor may talk to student through computer
- If connection isn't good, Proctor will call student on mobile phone

Troubleshoot Issues

- Students should do both system test from GED account and system test from VUE during scheduling. If anything isn't fully green, they need to fix their system before test day.
- Plug in laptop
- Have everyone else in house off internet and tell them they can't enter room
- If student can't see themselves in webcam window, they will not be able to test
- If any technical issues occurring on test day or during check in, student should reschedule test to troubleshoot
