Welcome, **Candidate Name**!

Here is some information that you need to know before you start this test:

- You should not spend too much time on a question if you are not certain of the answer; answer it the best you can, and go on to the next question.

- If you are not certain of the answer to a question, you can mark your answer using the "Flag for Review" on the question's screen. At the end of the test, you can return to the question using the "Question Review Screen."

- Some questions are based on materials presented on the left side of a split screen. Make sure to read each page on the left side before trying to answer the questions on the right side of the screen.
